- It is noted that a couple of developers have approached the District with questions regarding water and sewer capacity to support additional development. General information has been provided. It is recommended that developers be required to submit written requests to the District to determine what level of effort is appropriate and what costs the developers would be required to cover.

2) INFRASTRUCTURE PLANNING

- a) Well and Waterline Replacement Project

- Near term activity for July:
  - Work will focus on final water service connections, modification of Wells 2A and 3A, continued progress on Well 6, work on Well 5 and water line improvements in the alley behind the elevated tank.
- b) Pine Street Sewer Project
    - The project has been awarded for construction.
    - Recommended Action: Board's pleasure. Potholing of the storm drain at Pine and Ellsworth has not yet been performed.
  - c) Well 5 Emergency Repairs
    - The project is underway. The air bursting effort was completed. Lower perforations still have build up. It is recommended that the Board consider a round of Acid Washing again to clean up the perforations to an acceptable level.
    - Recommended Action: Previous authorization was Board's pleasure.
- 3) FUNDING ASSISTANCE APPLICATION
    - a) Interim Emergency Drinking Water and Drought Related Drinking Water Funding
      - The District has submitted an Application to the State on June 30, 2020 for interim emergency drinking water facilities. The State has informed the engineer that the District should be receiving an offer of a grant for the interim emergency drinking water facilities in the near future.
  - 4) TCP PLANNING GRANT APPLICATIONS TO THE STATE WATER RESOURCES CONTROL BOARD
    - a) Well 5
      - The Application has been submitted to the State for processing on June 23, 2020.
    - b) Well 3A
      - The Application has been submitted to the State for processing on June 23, 2020.
    - c) Well 2A and 4
      - The Application has been submitted to the State for processing on June 23, 2020.
      - The State contacted the District to see if it would be acceptable to combine the applications into a single application. The State is also investigating the potential of authorizing a Technical Assistance Grant for the design and environmental review required for the projects.
  - 5) IRWM GRANT TO EVALUATE IMPROVING THE WATER LINE NORTH OF COURT ALONG PARK.
    - The authorized design work is complete.
    - A Notice of Determination has been recorded for the project.
    - An encroachment application to cross State Route 99 as been submitted to Caltrans.
    - Funding assistance opportunities are being investigated.
    - Recommended Action: Board's Pleasure.
  - 6) WATER RECLAMATION AGREEMENT
    - A new Report of Waste of Discharge is being prepared.
    - Recommended Action: Authorize submittal of the Report of Waste Discharge to the RWQCB and DDW.
  - 7) TULE BASIN WATER QUALITY COALITION – WATER FILL STATION

- The Tule Basin Water Quality Coalition is requesting to enter into an agreement with the Pixley PUD for the installation and operation of a water fill station. The proposed location is the southeast corner of the tank site on School Street north of Terra Bella.
  - It is anticipated that an updated description of the proposed fill station will be received for review soon.
  - Recommended Action: Board's pleasure.
- 8) Point of Use (POU) Amendment to the Water Supply Permit
